

Nikhith B S

B.E in CSE

I am a Computer Science Engineering student with a strong interest in programming and technology. I enjoy learning new concepts in software development, problem solving, and data structures. I am continuously improving my coding skills through practice and projects.

SKILLS

Python C++ Team work
C Programming DSA Hard work

EDUCATION

B.E in CSE

🏫 BMS Institute Of Technology 📅 2024 – 2028 (expected)
• Programming in C/C++, Data Structures,Python
• Current GPA: 8.93

Pre-University Course (PUC)

🏫 [STG Pre-University College] 📅 2022 – 2024
• Stream: PCMB (Physics, Chemistry, Mathematics, Biology)
• Board Exam Score: 96.16

EXPERIENCE

Programming Practice

📅 Self Learning 📅 2024 – Present 📍 Bangalore,India
Keywords: *Python,C/C++,Problem Solving*
• Practicing Data Structures and Algorithms using C and C++.
• Implementing Object-Oriented Programming concepts such as classes, inheritance, and polymorphism in C++.

Python Data Visualization Practice

📅 Self Learning 📅 2025 📍 Bangalore, India
Keywords: *Python, Data Visualization*
• Learned basic data visualization techniques using Python.
• Created simple graphs and charts to represent datasets.
• Gained experience in presenting data visually for better understanding.

OTHER ACTIVITIES AND PROJECTS

LeetCode Practice <i>DSA problem solving</i>	Python Programming <i>Beginner to intermediate</i>	Semester Project <i>College group project</i>
OOP in C++ <i>Classes, Objects, Inheritance</i>	Data Structures <i>Arrays, Strings</i>	GitHub <i>Uploading coding practice</i>

AWARDS

PU Board Examination <i>Percentage : 96.16</i>	Academic Performance <i>Current CGPA : 8.93</i>
--	---

LANGUAGES

English <i>Professional proficiency</i>	Kannada <i>Native/Mother Tongue</i>
